

Highlights in ABCOPAD Youth Ministries

Christian Camping Experiences - In ABCOPAD, we celebrate opportunities for teens & children to grow and learn at one of our affiliated camps in the region. We are blessed to have six different camping partnerships in the region for our young people to either attend a week of summer camp or to participate in a weekend retreat. Each of the camps has been blessed to receive funds from the region to help provide scholarships for teens and children to attend camp. Is your church sending kids to camp?

Youth Ministry Training and Coaching - One of the areas of ministry many churches struggle with is how to develop and grow youth and children's ministries? We are thankful as a region we have been able to provide help in this crucial area. Is your church looking for some guidance to grow your ministry to teens and children?

Child Protection Screening/Training - For the past five years, ABCOPAD has been working hard to help churches work through the necessary steps for child protection screening. We have been providing resources and access to educational webinars to help congregations small and large the tools to provide a safe place for children and teens. Does your church have a child protection policy?

Online Webinars - As part of grant we received to do collaborative work with other ABC regions, we were able to provide different online training webinars on understanding and connecting with the Millennial generation. These webinars are still available online and can be used in your church's curriculum. In 2016, we will be providing more live online training events to help churches with youth ministry program development, teen discipleship and reaching and keeping Millennials.
