Greetings From Camp Judson

I would like to bring you the latest update on Camp Judson's Fan The Flame Campaign. We are about in the middle of the campaign, we have about 2 ½ years left to reach our goal. Fan the Flame goal is \$900,000, many of you made pledges that totaled \$419,938.00, some of you have completed giving toward your pledge, others continue to give and there are others who haven't started giving, as of yet. I would like to encourage you to give so we can see the goal reached. If we are to reach our goal we would need to receive all that was pledged plus \$480,000 in the next 2 ½ years. Think of it this way, all we need is 480, individuals, families, churches, Sunday school classes or any group to pledge \$1,000 over the next 2 ½ years, this is just over \$33.00 a month. If you are able to help please send your donations to the address listed below.

A total of \$257,458 has already come in (Thanks!). This money has been used to purchase a new stove for the kitchen, new bunks and mattresses for the lodge, the dining hall has: fresh paint, new carpet and new curtains, and new underground gas and water lines have been laid. \$162,480 of the pledges is still outstanding; if you haven't given towards your pledge, please start giving now ☺.

Camp Judson still needs: a new outdoor refrigerator/freezer unit, the lower cabins need to be replaced with new year-round cabin complexes, lodge renovation, swimming pool renovation, prayer tower renovation, and the hiring of a maintenance person and their housing.

Please take a moment and pray for the Fan the Flame Campaign, see if God is asking you to help in any way. If you can't give \$33.00 a month maybe you can give a one-time gift, anything will help.

Camp Judson's ministry has been providing warmth and light for more than 50 years. The camp is growing-the camp is debt-free, programs are continuing to serve all ages, lives are being touched in the name of Christ. But the fan needs fanning-your giving will ensure that Camp Judson can be *building faith & hope for the next 50 years.*
